

FOR IMMEDIATE RELEASE**Global Sustainable Future Makes Investment in Electriq Power**

Greenwich, CT July 13, 2021 – Global Sustainable Future (“GSF”) is pleased to announce that it has participated in Electriq Power, Inc.’s (“Electriq Power”) most recent \$10 million fundraising round. Electriq Power is a leading provider of intelligent and integrated home energy storage, management, and monitoring solutions. The financing provides incremental support for Electriq’s rapid expansion and market penetration.

Pete Scarpelli, GSF co-managing partner, said: “GSF is focused on advancing solutions that provides easy and economic ways to create a healthier place to live. Electriq Power delivers on this mission by way of an innovative business model and advanced energy technologies that helps the homeowner while simultaneously improving the resiliency of the power grid infrastructure.”

Frank Magnotti, CEO of Electriq Power, said: “We’re thrilled to expand our pool of strategic investors with an extensive reach in energy infrastructure and project financing. We’re thankful to collaborate with investors such as GSF who share our vision of providing intelligent storage solutions to any homeowner and government-owned housing facilities interested in taking control of their energy. We look forward to bringing the PowerPod 2 to even more homes and further innovating our energy storage technology.”

About Global Sustainable Future: GSF addresses challenges in energy, air and water by advancing, innovative, disruptive businesses with market access, capital and project financing. GSF further develops and navigates growth strategies in and between North America and Europe by leveraging an existing family office infrastructure of 20+ businesses, local market expertise and our professional network. GSF is committed and passionate about the talented entrepreneurs it supports and helps them navigate the inevitable challenges facing a rapidly expanding business. GSF brings complementary skills and the weight of its network to accelerate the growth of the teams and companies with whom it works.
